Foreword

The NAAI, National Abilitympics Association of India is a sister entity of Sarthak. Its core purpose is to identify suitable PwD Candidates, in specified skills; train them; hold internal competitions, and select the final contingent which will compete in the global competition of Abilitympics. The skill categories include ICT, (Information and Communication Technologies); Crafts; Services; Hospitality; etc.

Under the visionary leadership of its President, Shri Krishan Kalra, and the committed and able operating team, led by Dr. Jitender Aggarwal has also been growing fast! As in Sarthak, the trained, skilled candidates of NAAI are also placed in suitable companies.

The Abilitympics are held every four years. The last one took place in France, in March 2024. The 11th Abilitympics will be hosted by Finland, in Helsinki in 2027. NAAI's preparations have started, well in advance. NAAI began with just two regional competitions - Northern and Southern. Since then, it has been widening its reach into Bharat's hinterland. In 2024, there will be five regional competitions - North, West, Central, South and East. A sixth may be added in 2025 — The North East.

The first Regional competition, to select the potential contestants in

Finland, 2027, was held in the North Zone, at Gurugram, on December 8-9, 2023. It had 80 participants. Of these, 22 won medals in different skill categories. There were 7 Gold, 8 Silver, and 7 bronze medals. For the participants, especially those from rural and semi-urban areas, this is valuable experience in competition formats, different levels of performance, and medals. It may inspire them to aim for Gold in Finland, if selected; and be happy with a silver; or even a bronze!

The second Regional competition, of the WR, in Goa had a welcome, added feature. It was held simultaneously with the Purple Fest, 2024 of Goa. That Fest is organised by the Disability Commissioner's Office, Goa. It got more than double the number of participants of the WR - 168. Of these, 27 got medals - 7 Gold, 9 Silver and 11 Bronze.

A new Zone has been opened this year - the Central. Held in Jabalpur, MP, in February. Not a metro. But, well known. It was an achievement to mobilize 131 participants in our very first CZ competition. 14 PwD won medals - 3 Gold, 6 Silver, 5 Bronze.

NAAI is moving systematically, and fast. Without waiting for the competitions in the East and South Zones, in October, Mentoring has

started in August for the winners of the first three Regional competitions. They are also being trained to reach international standards, in their skill. The training is through online, weekly sessions. The winners of EZ, October 3-4; and SZ, October 17-18, will also, naturally, get this training. There will also be a Boot Camp for all the regional winners, before the National Competition for Phase 1, in 15 skills, in Gurugram, December 6-7, 2024.

Needless to say, the above all India campaign is expensive. It is a national investment. NAAI is most grateful to its funding partners - the DEPwD, Department of Empowerment of PwD and the Community Development Trust of Tata Power (TPCDT). NAAI is also indebted to the Sarthak hiring partners for employing the skilled PwD.

I wish the NAAI's final candidates even greater success in the Finland 2027 Abilitympics.

Message from the President

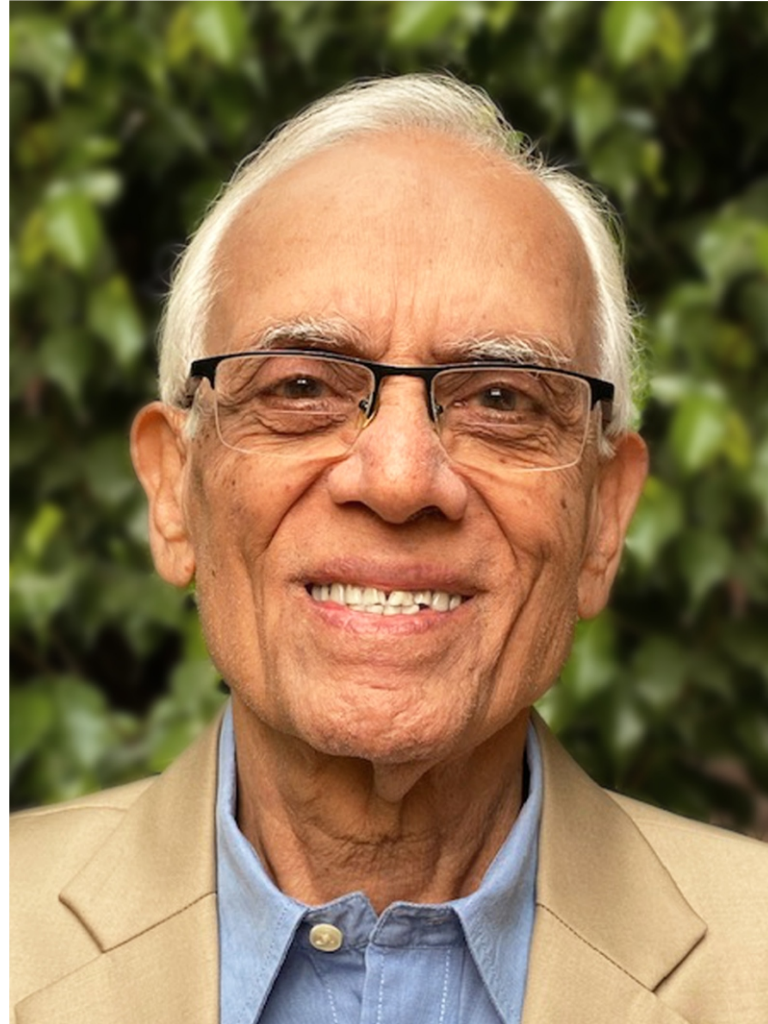

Dear NAAI Supporters,

I am delighted to greet you, once again, with the annual report (2023-24) of your association, thank you whole heartedly for your sustained support and also share a synopsis of our activities during the year gone by.

As I write this, I have just come back from Jamshedpur - also known as the Steel City or Tata Nagar - where we had an outstanding 'East Zone Abilympics' event with huge support from several companies of the Tata Group. Even though the event on October 3 & 4 was technically much after the FY 23-24 ended, I couldn't resist the temptation of sharing with you news of our association with this great Corporate group of the country. I am enthused about the development and expect a lot more support & backing from them in future. Although Tata Power had helped us earlier also for our team's visit to the glorious international event in France, in March 23, this time their contribution was much bigger and heartwarming.

We are now well on our way to putting together a strong team for the 11th International Abilympics in Helsinki (Finland) in 2027; having completed competitions in North, West, Central and East zones and South zone scheduled for the next week at Bengaluru. Just as in Jamshedpur, we are hoping to establish new corporate linkages at Bengaluru also. After a 10-day Boot Camp for the zonal winners, we will move to the annual event in December in Delhi/Gurgaon. We plan to repeat the process in 2025 & 26 so as to have a strong and larger team for the 2027's big event in the beautiful city of Helsinki. DEPwD has again started supporting us in a much bigger way and if we can maintain the tempo I can see India hosting the international event of 2031 in Delhi.

My dream has always been to ensure that Abilympics should get its rightful place in the august company of the

Olympics & Paralympics. With your continued support and solid backing of the government, as well as a meaningful association with major corporates, like the Tatas, this should happen in the next 10 years. Our energetic Secretary General and his wonderful team continue to perform in an exemplary manner, and I have no doubts about greater glory coming our way in the near future.

With my best wishes for the festive season,

Krishan Kalra

Message from the Secretary General

Dear Well-Wishers,

It is with immense pride that I present the 2024 Annual Report of the National Abilympic Association of India (NAAI). This year has been truly transformative and depicts our unwavering commitment to empowering Persons with Disabilities (PwDs) through skill development, inclusion, and equal opportunities.

Building upon the success of our team at the International Abilympics in France in 2023, where 13 of our participants secured 7 medals, placing India 7th among 27 nations, we have embarked on an exciting journey of preparation for the next International Abilympics in Finland in 2027. The first phase of selections, initiated in December 2023, includes 15 skill categories across ICT, Crafts, Hospitality, and Service trades, showcasing the breadth and diversity of talent our nation possesses.

This year's regional competitions in Gurugram, Goa, Jabalpur, Jamshedpur, and Bengaluru brought together over 550 passionate PwDs, each competing fiercely and demonstrating that disability is no barrier to skill and success. The courage and resilience they exhibit continue to inspire us all, proving that our collective efforts to promote inclusivity are bearing fruit.

We also bolstered partnerships with pivotal stakeholders, from government bodies to NGOs and corporate partners, ensuring a comprehensive and supportive ecosystem for PwD skill development. Expert trainers from academia and industry joined hands with us, enabling PwDs to sharpen their skills and make strides toward meaningful employment. However, much more needs to be done to expand awareness about the Abilympics and to highlight the extraordinary talents within the PwD community.

Looking ahead, our focus remains steadfast on expanding skill categories for the next phase of selections, integrating an additional 15-20 skills based on the finalized categories for Finland. At the recent IAF Executive Committee meeting in Finland, NAAI advocated for the inclusion of key Leisure and Living skills, such as Embroidery, Crochet, Jewellery Making, and Hand Knitting—crucial skill areas for employment and self-employment within South Asia. This initiative has led to an additional survey to ensure a broad and inclusive selection.

As we aim for even greater achievements, we invite all our supporters to join us in this mission to empower and uplift the immense potential within our PwD community. Together, we can enable them to reach new heights! I extend my heartfelt gratitude to our invaluable partners, including the Department of Empowerment of Persons with Disabilities (DEPwD) and Tata Power, for their unwavering support. My sincere thanks to our knowledge partners—ATDC, APCA, Stratbeans Solutions, and many others—who have been integral in mentoring our candidates from across India. I am particularly grateful for the mentorship of Padma Bhushan Dr. MB Athreya and our Advisory Board members at Sarthak and NAAI, whose vision and guidance inspire us each day.

Thank you, and best wishes to all as we move forward together!

With warm regards,

Dr. Jitender Aggarwal

Inclusive Platform

Skill Enhancement

Advocacy and Influence

Global Collaboration

Recognition and Empowerment

Our Journey The Heart and Soul of NAAI

The National Abilympic Association of India (NAAI) is committed to showcasing the talents of Persons with Disabilities (PwDs), celebrating skills over challenges. NAAI's mission is to empower PwDs to thrive, contribute meaningfully to society, and lead lives of dignity. Through its initiatives, NAAI aims to create an inclusive society where PwDs are valued for their unique skills.

Mission, Vision, and Values

NAAI envisions a world where PwDs are celebrated for their abilities, aiming to create awareness about their potential. Its mission focuses on empowering PwDs to live lives of purpose, driven by the following values:

1. **Empowerment** - Promoting self-reliance through skill-building
2. **Inclusion** - Supporting full integration of PwDs in society
3. **Dignity** - Recognizing the talents of PwDs and promoting self-respect
4. **Excellence** - Encouraging skill development toward personal excellence
5. **Collaboration** - Partnering with diverse groups to create opportunities
6. **Awareness** - Raising public consciousness on the capabilities of PwDs
7. **Innovation** - Introducing new skills and technologies for growth

Abilympics Overview

Abilympics, or the "Olympics of Abilities," is a vocational competition designed to highlight the skills of PwDs. Launched in 1972 by the Japan Organization for Employment of the Elderly, Persons with Disabilities, and Job Seekers (JEED), Abilympics has become a platform for PwDs to showcase their talents. The first international Abilympics, held in Tokyo in 1981, celebrated the United Nations' International Year of Disabled Persons (IYDP). Held every four years by the International Abilympic Federation, events have taken place in Tokyo (1981), Colombia (1985), Hong Kong (1989), Australia (1995), the Czech Republic (2000), India (2003), Japan (2007), South Korea (2011), France (2016) and France (2023)

History of NAAI

Founded in May 2001 under India's Ministries of Social Justice & Empowerment and Human Resource Development, NAAI was established to represent India in the 6th Abilympics in New Delhi (2003) and future competitions. The 2003 event, held at the Indira Gandhi Indoor Stadium, drew over 1,500 participants from 33 countries. It was inaugurated by then - Prime Minister Shri Atal Bihari Vajpayee, with a special reception hosted by then-President Dr. A.P.J. Abdul Kalam at Rashtrapati Bhawan. Since then, NAAI has expanded the Abilympics movement across India, enabling PwDs through vocational skill competitions.

NAAI and Sarthak Educational Trust Partnership

In 2020, Sarthak Educational Trust, which has provided vocational training and placement for PwDs since 2008,

officially took on the operations of NAAI. With 26 centers nationwide and a strong network of stakeholders, Sarthak has given new reach and vitality to the Abilympics mission in India. This partnership has strengthened NAAI's mission, supporting a more inclusive approach to uplift PwDs and showcase their abilities.

Timeline of Key Milestones and Achievements (FY 2023-24)

In preparation for the 11th International Abilympics in Helsinki, Finland, NAAI's activity plan for 2023 - 24 includes:

- **September - December 2023:** Strategic planning, North Zone Competitions in Gurugram, and fundraising.
- **January - March 2024:** West and Central Zone Competitions in Goa and capacity-building initiatives.
- **April - September 2024:** Online training for regional winners, East & South Zone Competitions in Jamshedpur and Bengaluru.

Objectives and Call to Action

NAAI remains dedicated to skill development, social inclusion, and preparing PwDs for global platforms. Join the Abilympic movement by sponsoring, volunteering, or supporting skill competitions that highlight PwD talent. Together, we can redefine abilities and advocate for a more inclusive future.

2024 in Review

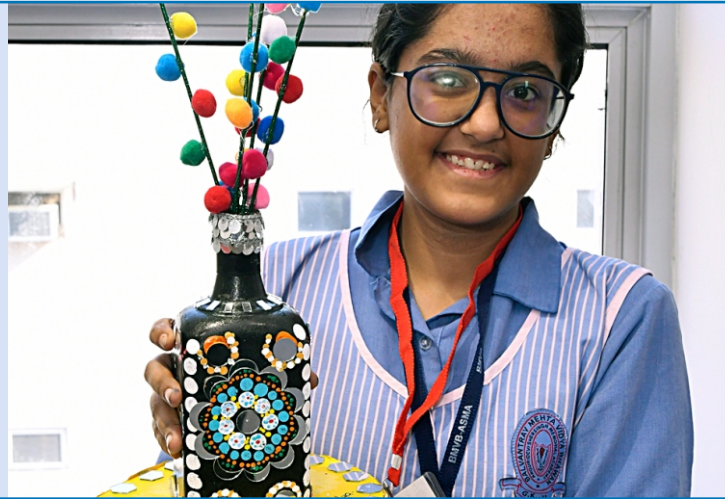

A Snapshot of Success

In 2024, the National Ability Association of India (NAAI) achieved remarkable strides in its commitment to empowering Persons with Disabilities (PwDs) through vocational skill-building and competitions. This year's

journey unfolded through a series of dynamic regional competitions, culminating in a powerful display of talent and inclusion across India's North, West, Central, and East zones.

North Zone Competitions - December 2023 -

NAAI's regional events began with the North Zone Regional Abilitympics at Sarthak's Global Resource Centre in Gurugram on December 8-9, 2023. Hon'ble Vice-President of India, Shri Jagdeep Dhankhar, inaugurated the competition, which brought together participants from Jammu & Kashmir, Haryana, Punjab, Uttar Pradesh, and Delhi. Prior to the event, skill experts conducted online pre-assessments, shortlisting 100 participants. Over 76 individuals then competed across skill categories such as ICT, Craft, Service, and Hospitality Skills.

West Zone Competitions - January 2024 -

The West Zone competitions were held in partnership with the International Purple Fest Goa 2024 from January 11-13, 2024. This event featured a notable inauguration by Dr. Mallika Nadda, President of Special Olympics Bharat, alongside Shri Subhash Phal Dessai, Hon'ble Minister for Social Welfare, Goa. Adding to the value of the competition was a Green Energy Workshop led by Tata Power, which emphasized sustainable career opportunities for PwDs. With 168 participants, the event concluded with 27 medals awarded in various categories, showcasing a growing engagement in sustainable sectors.

Central Zone Competitions - February 2024 -

The Central Zone Regional Abilitympics, hosted at Jawaharlal Nehru Krishi Vishwavidyalaya in Jabalpur, Madhya Pradesh, in collaboration with the District Administration, brought 131 participants on February 24-25, 2024. A press conference on February 23, 2024, introduced local media to the Abilitympics movement. The event was inaugurated by Shri Narain Singh Kushwaha, Minister of Social Welfare, Madhya Pradesh, and awarded 14 medals in multiple skill categories.

East Zone Competitions - October 2024 - Held in Jamshedpur, Jharkhand, on October 3-4, 2024, in partnership with TPCDT, Tata Power, and Tata Steel Foundation, the East Zone competitions attracted 103 participants. Inaugurated by Hon'ble Health Minister of Jharkhand Shri Banna Gupta, the event also hosted a 2-day Neurodiversity Summit with experiential kiosks, panel discussions, an accessible movie screening, and a yoga session, reinforcing NAAI's commitment to inclusive experiences. The competition concluded with 16 medals awarded.

South Zone Competitions - October 2024 - It began with an inspiring inauguration by Smt. Geetanjali Kirloskar, renowned philanthropist and CEO. The event witnessed enthusiastic participation, with 81 talented PwDs competing and 17 emerging victorious, winning 2 Gold, 8 Silver, and 7 Bronze medals. Additionally, the event featured an engaging exhibition by start-ups in assistive technologies, showcasing innovations from organizations like InSightE (products for neurodivergent children), EdQueries (gamified education for special children), and CoExin Technologies (solutions for cognitive disorders). This dynamic gathering highlighted both talent and technological advancements, fostering a collaborative environment for promoting inclusivity and empowerment.

Success Stories

The 2024 Abilitympics celebrated inspiring stories of PwDs, each highlighting resilience and exceptional skill:

- Leeliben Vadalía from Gujarat, a skilled tailor with a locomotor disability, won Bronze in embroidery at the West Zone competition.
- Ram Raghbir Mishra, a hearing-impaired artist from Uttar Pradesh, earned Gold in painting at the North Zone, edging closer to his dream of international representation.
- Bharti Rana, a polio survivor working as a Data Operator, discovered her passion for floral arrangements at the West Zone, securing a Gold medal.
- Chinmay from West Bengal, supported by Sarthak Educational Trust, triumphed over financial and

physical challenges to win Gold in word processing, showcasing resilience and dedication.

Regional Competitions in Numbers

- **Participants:** Over 560 PwDs participated across North, West, Central, East, and South Zones.
- **Medals Awarded:** 97 medals were awarded (23 Gold, 36 Silver, 38 Bronze).

Judges & Dignitaries

36 expert judges and numerous dignitaries contributed, making the competitions impactful.

The year 2024 underscored NAAI's role as a platform where talent, inclusion, and empowerment converge. By prioritizing skill development and expanding opportunities, NAAI continues to contribute to a more inclusive and diverse workforce across India.

Championing Skills Abilympics Highlights

In 2024, the National Abilympic Association of India (NAAI) continued to champion vocational skills and strengthen pathways to success for persons with disabilities (PwDs) across India. This year marked significant achievements across regional, national, and international levels, showcasing the exceptional talents of PwDs and empowering them to reach new heights.

Regional Abilympics Competitions

The Regional Abilympics Competitions were held across five zones - North (Gurugram, Haryana), West (Panaji, Goa), Central (Jabalpur, Madhya Pradesh), East (Jamshedpur, Jharkhand), and South (Bengaluru, Karnataka) - where PwDs, including students from special schools, vocational centers, academic institutes, and NGOs, participated in diverse skill categories such as computer programming, tailoring, bakery and painting. Over 15 skill categories were represented, offering a platform for participants to exhibit and sharpen their abilities.

Following the regional competitions, a 4-day boot camp is planned in Delhi NCR to provide hands-on training and individualized coaching to the regional winners, equipping them with advanced skills in preparation for the National Competitions.

National Competitions

Scheduled for December 6-7, 2024, in Gurugram, Haryana, the National Abilympics will bring together the top performers from the regional events to compete in 15 skill categories. This two-day event serves as a launchpad for furthering the careers of PwDs, offering national recognition and exposing them to standards of skill and excellence on a larger stage. Winners will go on to represent India at the International Abilympics, showcasing their talents globally and furthering India's mission of disability skill development.

International Abilympics

As the nodal agency, NAAI represents India at the International Abilympics, held every four years to celebrate vocational skills of PwDs. India has consistently sent strong contingents to international events hosted in countries such as South Korea, Japan, and France, where participants have earned accolades and strengthened India's presence on the global stage. In 2027, NAAI will once again send participants to the International Abilympics in Helsinki, Finland, to continue championing the skills and determination of Indian PwDs.

Inspiring Journeys of Top Performers

Manoj G. Bhingare - Hailing from Burhanpur, Madhya Pradesh, Manoj lost both arms in a tragic accident at age 10 but channeled his resilience into art, creating masterpieces with his feet. His journey has been marked by numerous accolades, including the "Bal Shree Award." In 2024, he secured gold in painting at the NAAI Goa event, proving that creativity knows no limits. Manoj's story embodies the power of determination, inspiring countless others to believe in their potential.

Sriyarani - Originally from Orissa, now residing in Chhattisgarh, Sriyarani faced numerous challenges due to her 60% locomotor disability, including workplace inequality. Through training with Sarthak Educational Trust, she pursued her passion for tailoring and won a bronze medal at the NAAI Regional Competition. Her story is one of resilience and advocacy, encouraging others to strive for equality and empowerment.

Ankur Sagar - Following a life-changing car accident, Ankur defied all odds, excelling in sports and art. With encouragement from his college and Sarthak, he showcased his artistic prowess, winning gold in poster designing at the Gurugram Regional event. Ankur's journey of resilience highlights the triumph of spirit, inspiring others to pursue excellence regardless of challenges.

Naserul - From Jammu & Kashmir, this skilled hand embroiderer honed his craft from a young age, overcoming a 60% locomotor disability. A WhatsApp group led him to the NAAI event, where he won gold in hand embroidery, affirming his talent and commitment. Naserul's story shows the transformative impact of skill competitions, empowering him to represent his craft with pride.

Rameez Raja - Despite a 90% locomotor disability, Rameez pursued tailoring, honing his skills and winning silver at the NAAI event in Gurugram. With limited resources but boundless ambition, Rameez's victory in tailoring showcases his dedication and resilience, inspiring him to continue advancing his skills.

Conclusion

The journeys of these exceptional individuals reflect NAAI's mission to champion the skills and talents of PwDs, providing platforms for them to shine. The 2024 Abilympics highlights not only the talent and dedication of these competitors but also NAAI's commitment to promoting an inclusive environment where skill, creativity, and determination transcend barriers.

Collaboration for Inclusion

Our Advocacy Efforts

In 2024, the National Abilympic Association of India (NAAI) continued to champion the cause of inclusion and skill development for Persons with Disabilities (PwDs) through strategic collaborations and impactful advocacy. By working with government agencies, corporate partners, and grassroots NGOs, NAAI has strengthened its mission of empowering PwDs and broadening access to meaningful skill-building and employment opportunities across the country.

Government and Corporate Partnerships for Inclusion

One of the major milestones for NAAI in 2024 was the partnership with the Department of Empowerment of Persons with Disabilities (DEPWD). Corporate support has been equally invaluable, with Tata Power Community Development Trust (TPCDT) contributing significantly through their Corporate Social Responsibility (CSR) initiatives. Their support has helped NAAI identify and train top talent for India's participation in the 11th International Abilympics in Finland, 2027, marking a step forward in bringing international recognition to India's talented PwDs.

Promoting Neurodiversity

In collaboration with Tata Power, NAAI introduced the Neurodiversity Inclusion Program, a pioneering initiative aimed at increasing the participation of neurodiverse individuals in skill competitions. Through this program, a minimum of 10% of regional competition participants

included individuals with autism, ADHD, and other neurodiverse conditions, empowering them to highlight their unique abilities on a national platform.

Green Energy Workshop

During the West Zone Abilympics competition in Goa, NAAI, with Tata Power's support, organized a Green Energy Workshop led by Sachin Torne. This interactive session introduced PwDs to the growing field of green energy, encouraging them to explore career opportunities within this sustainable sector. This workshop depicts NAAI's commitment to aligning skill-building for PwDs with emerging economic opportunities, including the green economy.

Grassroots Partnerships for Wider Outreach

NAAI's advocacy initiatives were further enhanced through its collaboration with Sarthak's India Disability Empowerment Alliance (IDEA). Leveraging the strengths of grassroots networks, NAAI reached PwDs in remote areas and boosted enrolment across various states for the Abilympics competitions. This approach also included establishing state nodal agencies, ensuring greater inclusivity and accessibility in regions that were previously underserved. The collaboration underlines the critical role that local organizations play in creating awareness and promoting opportunities for PwDs.

Testimonials from NGO Partners

NAAI's partnerships have empowered its regional partners to reach PwDs and highlight the value of skill competitions. Some heartfelt testimonials from our NGO collaborators illustrate the impact:

- **Abhisar Foundation, Pune:** "NAAI has been instrumental in helping us reach PwDs across Maharashtra, allowing them to showcase their skills and bring pride to their state and the nation. We congratulate NAAI on their efforts and wish them continued success."
- **Divyang Margdarshan Trust, Jharkhand:** "Being designated as the Abilympics State Nodal Agency has allowed us to extend Abilympics outreach across all 24 districts of Jharkhand. We are grateful to NAAI and Tata Group for their support and are inspired to bring even more PwDs into the fold, creating an inclusive and empowering environment for all."
- **Dr. Jitendra Jamdar, Samanvay Parivar Kendra, Jabalpur:** "This year's Central Zone competitions were a triumph for PwDs in Madhya Pradesh and Chhattisgarh. Through local partnerships and extensive volunteer support, NAAI helped talented individuals gain confidence and hone their skills for the national and international stage. We wish NAAI every success."
- **Bharat Bhai Joshi, Blind People's Association, Ahmedabad:** "NAAI's initiatives have empowered

PwDs to demonstrate their skills on respected platforms. We hope NAAI will continue to provide platforms for rural youth with disabilities through state-level events, and we extend our best wishes to the Abilympics winners."

A Vision for a Collaborative Future

These testimonials and milestones underline NAAI's mission of building inclusive spaces where PwDs can gain recognition, excel in skill competitions, and inspire society at large. The collective power of government bodies, corporates, and grassroots organizations underscores the role of collaboration in creating pathways for a more inclusive and empowering future for PwDs in India. Through these advocacy efforts, NAAI reaffirms its commitment to fostering a society that celebrates the diverse talents of all its members.

Empowering Through Education Training & Development

The National Abilympic Association of India (NAAI) has been at the forefront of empowering Persons with Disabilities (PwDs) through its dynamic and impactful training initiatives. NAAI believes that education and skill development are fundamental to creating an inclusive society, enabling PwDs to thrive in the workforce and compete on national and global stages.

Key Initiatives in Training & Development

1. Online Training Programs: NAAI offers a diverse range of online programs tailored to the skills associated with Abilympics competitions, spanning IT, arts and crafts, services, and hospitality. These programs provide practical, industry-relevant skills, allowing PwDs to excel in vocational excellence and become skilled professionals.

2. Skill Competitions (Abilympics): NAAI's regional, national, and international Abilympics provide a platform for PwDs to showcase their talents, gain confidence, and explore new employment opportunities. These competitions serve as pathways for personal development and self-reliance.

3. One-on-One Physical Training Boot Camps: To ensure PwDs are fully prepared for National and International Abilympics, NAAI organizes personalized boot camps, offering hands-on training from industry experts. Participants receive individualized coaching to sharpen their skills in competitive environments, while also gaining lifelong competencies such as communication, teamwork, and time management.

Key Features of Boot Camps Include:

- Personalized Skill Development: Trainers provide tailored attention to address the unique strengths and challenges of each participant.

- Expert Coaching: NAAI collaborates with industry professionals who mentor participants and offer insights into advanced techniques.

- Simulated Competitions: Camps simulate real Abilympics environments, allowing participants to practice working under pressure.

- Holistic Growth: Life skills development is emphasized, fostering greater self-confidence and adaptability.

4. Collaborative Learning with Educational Institutions: NAAI partners with institutions to offer specialized learning environments for PwDs, ensuring accessibility and inclusivity in education and technical training.

5. Entrepreneurship Development Programs: NAAI supports PwDs in becoming entrepreneurs by offering training in business planning, financial management, and market strategies, empowering them to create their own ventures.

Impact of NAAI's Training Programs

• Enhanced Performance at Competitions: PwDs trained through NAAI's programs have shown remarkable improvements, winning numerous awards at national and international Abilympics.

• Increased Employment Opportunities: Graduates of NAAI's programs have found employment in sectors such as IT, manufacturing, and retail, achieving financial independence.

• Social Inclusion: By equipping PwDs with skills and confidence, NAAI fosters an inclusive society that recognizes the contributions of individuals with disabilities.

Testimonials from Trainers

Gurpreet Kaur, ATDC, Gurugram: "In the skill domain of Tailoring and Dress Designing, ATDC is partnering with NAAI to provide expert training to youth preparing for Abilympics 2027. I mentored Mr. Shamim Alam, who won a bronze medal at the Abilympics 2023. ATDC is fully committed to supporting NAAI by offering technical assistance in regional competitions and providing international-level infrastructure for training and competitions."

Dr. Simmi Bhagat, Professor, Lady Irwin College, Delhi: "The training program for Regional Abilympics

participants in embroidery is a valuable initiative that helps participants hone their skills and build confidence. Since March 2024, participants have been learning the basics of embroidery and advanced international techniques. The assignments and structured feedback are preparing them well for future competitions."

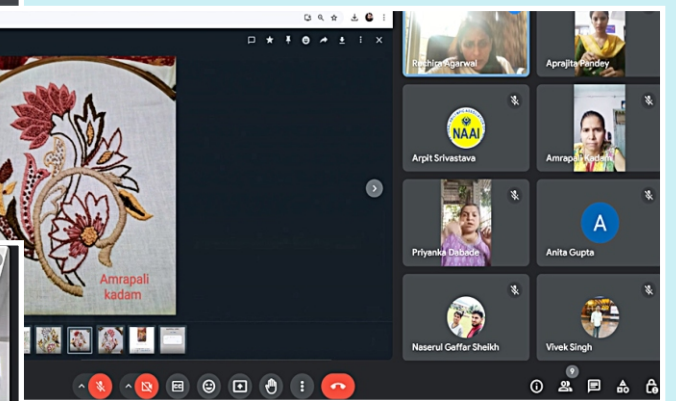

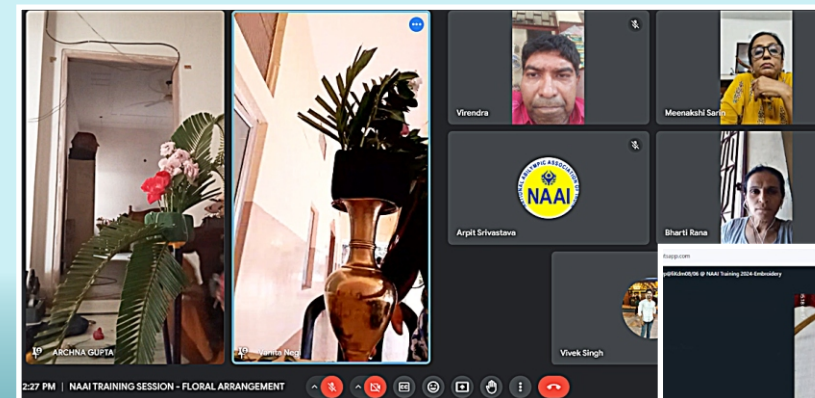

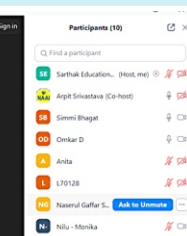

Testimonials from Participants

Virendra Rana, Flower Arrangement (Vadodara): "I secured 2nd place in East Zone Abilympics, Goa. Thanks to NAAI's detailed training, I'm improving every day and aim to make my community proud by winning gold at future competitions."

Manoj Bhingare, Mouth and Foot Painting (Surat): "I'm thrilled to have won gold at the East Zone Abilympics. NAAI's training is teaching me new techniques that I can't wait to showcase at the upcoming Nationals."

Bharti R. Rana, Waste Reuse (Vadodara): "I felt a sense of accomplishment participating in the West Zone Regional competitions. Thanks to NAAI, I'm now receiving expert training in waste material painting and look forward to excelling in future events."

Through its commitment to education and training, NAAI continues to empower PwDs, opening doors to new possibilities and creating a brighter, more inclusive future.

Measuring Success The Impact of Our Work

The National Abilympic Association of India (NAAI) made remarkable strides this year, setting the stage for the upcoming International Abilympics in Finland, 2027, through the organization of Regional Abilympics Competitions across the country. This year's regional events encompassed five major zones - North, West, Central, East, and South - and successfully engaged Persons with Disabilities (PwDs) from diverse states and districts. By integrating a broad spectrum of skill categories, these competitions not only empowered participants but also established a pipeline of talent set to represent India on the international stage.

To promote broad inclusivity and diverse participation, applications were invited online across 15 skill categories, covering areas such as ICT, Crafts, Services, and Hospitality. Through outreach efforts that included NAAI's state nodal agencies, the Sarthak IDEA NGO partners, academic institutions, and various social platforms, the call for applications reached PwDs from both urban and remote areas, facilitating wide-ranging representation from different communities.

Each applicant underwent an initial telephonic assessment to evaluate their familiarity and background in their chosen skill. This screening process, conducted by the NAAI team, not only ensured that participants were well-prepared but also served to highlight the commitment and readiness of the candidates. This preparatory phase set the stage for the high-caliber Regional Competitions.

Zone - Wise Highlights

- North Zone:** With more than 270 registrations, the North Zone Competitions in Gurugram attracted participants from states such as Jammu & Kashmir, Punjab, and Delhi. From the 150 shortlisted, 76 competed, leading to 23 medal winners across various skill categories.
- West Zone:** Held in conjunction with Goa's Purple Fest, this event received over 425 registrations, with 168 participants showcasing their talents. This zone recorded the highest number of medals, with 27 awards across skill categories, such as Poster Designing and Embroidery, emphasizing the region's diversity in skills and talent.
- Central Zone:** With strong participation from Madhya Pradesh and Chhattisgarh, the Central Zone competitions in Jabalpur saw 131 participants out of 260 registrations. The zone witnessed exceptional performances, producing 14 winners in skill areas like Photography and Floral Arrangement.
- East Zone:** Supported by the Tata Group and hosted in Jamshedpur, the East Zone Competitions recorded 240 registrations from states like West Bengal and Assam. With the inclusion of events focused on

Neurodiversity Inclusion, the East Zone took a pioneering step in raising awareness, yielding 16 medal winners.

- South Zone:** The South Zone saw participation from 190 candidates, with 81 competing in Bangalore, Karnataka. With 17 medal winners, this zone highlighted a strong representation across skill areas like Word Processing, Photography, and Waste Reuse.

Impact in Numbers

The Regional Competitions hosted a total of 559 PwDs, producing an impressive array of medalists: 23 Gold, 36 Silver, and 38 Bronze. These results reflect not only the skill and dedication of the participants but also NAAI's commitment to creating avenues for empowerment and representation. The events fostered an environment of inclusivity, skill development, and recognition for PwDs, laying a solid foundation for the International Abilympics.

This year's regional rounds underscored the potential of every participant and the strength of collective advocacy for PwDs. As we move closer to the international stage, NAAI remains committed to measuring success not just by medals, but by the impact on individual lives, skill-building, and the spirit of inclusion promoted across communities.

With Gratitude

Recognizing Our Supporters

NAAI is honored to recognize and thank the incredible donors and partners whose continued support has empowered us to fulfill our mission of uplifting Persons with Disabilities (PwDs). Their unwavering commitment and collaboration have been vital in driving impactful programs, organizing skill competitions, and creating sustainable pathways to inclusion for PwDs across India.

Our Valued Supporters

- Funders:** NAAI is profoundly grateful to the funders whose generous financial contributions have been the bedrock of our regional and national Abilympics, vocational training programs, and awareness campaigns. Special acknowledgment goes to the Department of Empowerment of Persons with Disabilities (DEPWD) and Tata Power Community Development Trust (TPCDT) for not only providing crucial resources but also actively championing the cause of disability inclusion. Their contributions have enabled us to reach new heights, expanding our programs and touching more lives across the country.
- NGOs:** Collaborating with grassroots-level NGOs has been key to extending our reach to PwDs across diverse communities. We deeply appreciate organizations such as Abhisar Foundation (Pune), CORD (Himachal Pradesh), Blind People's Association

(BPA) (Ahmedabad), and Samanvay Sewa Samiti (Jabalpur). These partnerships have helped mobilize participants, provide local support for training programs, and build more inclusive societies by leveraging local expertise and networks. Together, we are creating sustainable pathways for PwDs, ensuring that no one is left behind.

- Knowledge Partners:** NAAI extends its heartfelt thanks to its knowledge partners for their intellectual contributions and insights, which have significantly strengthened our initiatives. Collaboration with esteemed institutions such as Lady Irwin College (Delhi), Apparel Training & Development Centre (ATDC), Stratbeans Solutions, and APCA has allowed us to design robust curriculums and training modules that align with industry standards. Their expertise has been instrumental in enhancing the quality of our programs, empowering PwDs with industry-relevant skills.
- Academic Institutions:** We are proud of our collaborations with top academic institutions such as IITs, NITs, and state universities. Their active participation in nurturing PwD talent pools has created a more competitive and inclusive environment, opening new doors for PwDs to showcase their abilities and excel on prestigious platforms.

Testimonials from Our Partners

Funders

Ms. Nagori Forum:(TBD - Insert testimonial here)

NGOs

Abhisar Foundation, Pune: "NAAI has been our prominent partner in empowering PwDs in Maharashtra to participate in the 2024 Goa Skill Competitions. This invaluable platform provides incredible opportunities for PwDs to upskill and win accolades for their state and country. We congratulate NAAI and look forward to collaborating in future activities."

Divyang Margdarshan Trust, Jamshedpur: "हमारे संगठन, दिव्यांग मार्गदर्शन ट्रस्ट, झारखंड को नेशनल एबिलिम्पिक एसोसिएशन ऑफ इंडिया द्वारा झारखंड राज्य के लिए एबिलिम्पिक ससुटेड नोडल एजेंसी के रूप में नामित किया गया। यह हमारे लिए गर्व की बात है कि हमने झारखंड के 24 जिलों से दिव्यांगों को इस महत्वपूर्ण प्रतियोगिता में भाग लेने के लिए प्रेरित किया। इस सहयोग से हम भविष्य में और बेहतर प्रदर्शन करेंगे और अधिक प्रतिभागियों को इस प्रतियोगिता से जोड़ेंगे।"

Knowledge Partners

Shri Vijay Jodha, Renowned Photographer & Filmmaker: " Our photo team excelled at the International Abilympics, securing four medals, including a bronze in 2023. As the team's senior trainer, I conduct weekly online training with candidates spread across India. Using still images, books, and videos, we practice and refine diverse photography styles until our

candidates can create flawless, creative images under the pressure of competition."

Mrs. Meenakshi Sarin, Ikebana Expert: (TBD – Insert testimonial here)

As NAAI continues to champion the cause of inclusion and empowerment for PwDs, we recognize that none of our achievements would have been possible without the incredible generosity and support of our donors, NGOs, knowledge partners, and academic institutions. Together, we are creating a brighter, more inclusive future, ensuring that PwDs have the skills, platforms, and opportunities to thrive.

We look forward to strengthening these partnerships in the years to come. With sincere gratitude, NAAI commits to advancing our shared vision of a truly inclusive society.

Looking Ahead The Vision for 2025 & Beyond

As we envision the future, the National Abilympic Association of India (NAAI) remains resolute in its mission to empower Persons with Disabilities (PwDs). With the objective of promoting a more inclusive society, we strive to create opportunities for PwDs to gain meaningful skills, build careers, and lead fulfilling lives. Our vision for 2025 and beyond encompasses bold goals aimed at strengthening our reach, programs, and impact across India.

Strategic Priorities for 2025 and Beyond

1. Expanding Regional and National Abilympics Competitions:

A key priority for NAAI is to extend the scope of the Abilympics, both regionally and nationally. Over the next year, we aim to organize additional regional competitions in Phase 2, introducing 15-20 new skill categories in sectors such as Information Technology, Crafts, Services, Hospitality, and Industry. By increasing participation from underrepresented regions, we seek to identify and nurture talent from every part of India, ensuring equal opportunities for all PwDs.

2. Enhancing Capacity Building and Skill Development:

NAAI is committed to empowering PwDs by offering tailored vocational training programs. Our goal is to provide skill-building initiatives that align with industry demands, ensuring that PwDs acquire the expertise needed to excel in competitive job markets. The upcoming year will see a significant investment in expanding our training programs to reach more PwDs and help them transition to sustainable careers.

3. Integrating Digital Technology for Learning:

In today's digital world, technology is a vital enabler for skill development. In partnership with Sarthak Educational Trust's GyanSarathi e-learning platform, NAAI will incorporate digital tools to enhance accessibility for PwDs. By integrating technology into our training processes, we aim to break down barriers and create opportunities for PwDs to engage in online learning, equipping them for success in the digital economy.

4. Deepening Corporate and Global Collaborations:

Strengthening partnerships with corporate entities will remain central to NAAI's strategy. By collaborating with companies through Corporate Social Responsibility (CSR) programs, we will focus on skilling, mentoring, and job placement opportunities for PwDs. Additionally, NAAI plans to expand its global presence by partnering with international organizations and Abilympics bodies. These global collaborations will bring best practices to India, further enhancing the quality of our training programs and ensuring that PwDs are prepared for international platforms like the International Abilympics.

5. Expanding Inclusivity and Outreach Efforts:

Inclusivity lies at the heart of NAAI's mission. In the coming years, we aim to broaden our outreach by engaging PwDs from rural and remote areas. This includes identifying untapped talent and providing access to skill-building initiatives and competitions. Special emphasis will also be placed on increasing female participation, empowering women with disabilities through targeted training and mentorship programs.

Partner with NAAI for an Inclusive Future

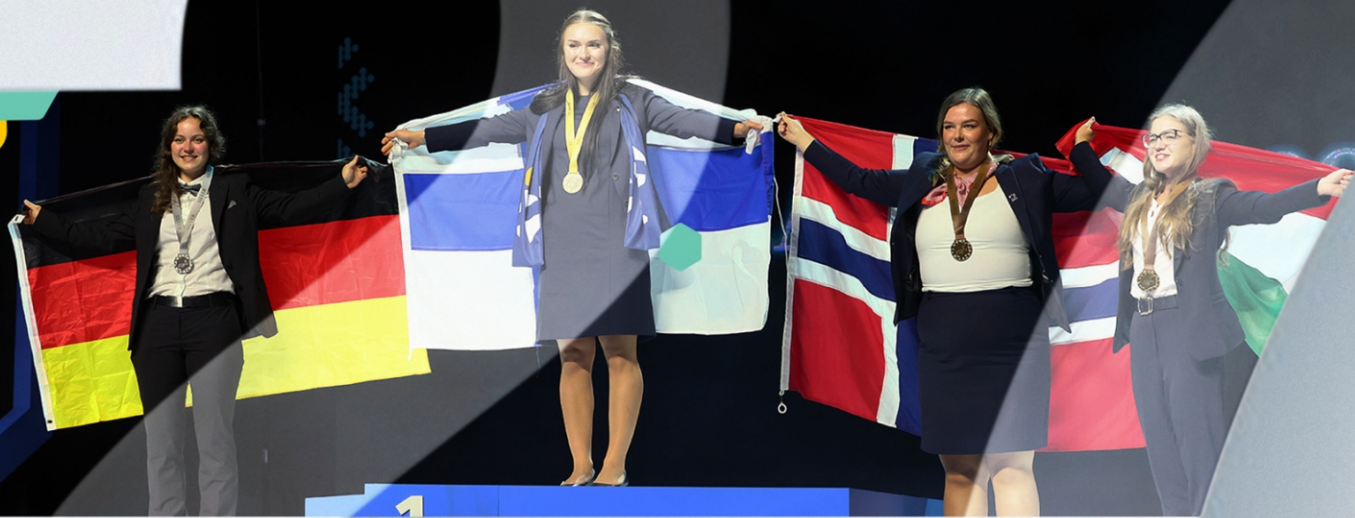

As NAAI looks to the future, we invite corporates, NGOs, educational institutions, and individuals to join us in creating a more inclusive society for PwDs. By partnering with NAAI, you can make a lasting impact in the lives of PwDs by supporting vocational training, skill development, and employment opportunities. Together, we can build an India where PwDs are not only included but celebrated for their talents.

Join us in our mission to unlock the full potential of PwDs and create pathways for empowerment. Let's build a future of inclusion and opportunity for all.

Abilympics in 2027

Leadership & Governance

Meet Our Board

At the National Abilympic Association of India (NAAI), we believe that effective leadership and strong governance are essential to achieving our mission of empowering Persons with Disabilities (PwDs) across the country. Our governing board, composed of experienced

professionals from diverse fields, guides NAAI's initiatives and ensures that we remain focused on our goals. Here, we introduce you to our esteemed board members who bring their unique expertise and commitment to our mission.

Krishan Kalra
- President, NAAI

A seasoned engineer with over 38 years in the corporate sector, Mr. Krishan Kalra has held significant leadership roles, including serving as the Additional Secretary General of FICCI and Secretary General of the PHD Chamber. His extensive experience also includes a five-year tenure on the Board of Governors of IIMC Kolkata. Since 2010, Mr. Kalra has dedicated himself to voluntary work, focusing on skill development, healthcare, environmental conservation, and the empowerment of PwDs.

Lov Verma
- Vice President, NAAI

Mr. Lov Verma, a retired Indian Administrative Service officer from the 1978 batch, brings over 37 years of administrative experience to NAAI. He has served in key positions within the Government of Uttar Pradesh and the Government of India, including as Secretary to the Government. His vast knowledge of governance and public administration enriches NAAI's strategic direction.

Dr. Sudhir Gupta
- Vice President, NAAI

Dr. Sudhir Gupta, former Director of Cygnus Medicare Private Limited, has held leadership positions in healthcare management, including as President of the Board of Governors at Mata Chanan Devi Hospital. His expertise in healthcare adds valuable insights to NAAI's mission of promoting wellness and accessibility for PwDs.

Sandeep Bhargava
- CEO & Founder,
Leap Edtech
- Vice President, NAAI

With a robust background in telecommunications, Mr. Sandeep Bhargava has held pivotal roles, including Executive Vice President at Vodafone India. He is actively involved in various organizations, including serving as Vice President of NAAI. His extensive experience in corporate affairs and public policy helps NAAI engage effectively with stakeholders.

Raj Kapur,
National Secretary,
NAAI

Mr. Raj Kapur boasts a distinguished career in the corporate sector, spanning nearly 40 years. He has held executive roles in diverse industries, culminating as Chief of JCT Electronics Limited. His strategic vision and operational expertise are crucial in steering NAAI's initiatives.

Minetta Paatil,
National Secretary,
NAAI

A passionate advocate for arts and education for PwDs, Mrs. Minetta Paatil began her career as an Art Teacher and has worked extensively with Bal Kalyan Sanstha in Pune. Her experience in vocational training and support for differently-abled children strengthens NAAI's commitment to inclusive education.

Dr. Jitender Aggarwal,
Secretary General,
NAAI

A visionary leader and founder of Sarthak Educational Trust, Dr. Jitender Aggarwal has devoted his life to empowering PwDs after losing his eyesight in 2004. Under his leadership, Sarthak has impacted the lives of millions, earning national recognition. Dr. Aggarwal is instrumental in NAAI's initiatives and strategic partnerships, contributing significantly to the empowerment of PwDs in India.

Organizational Structure

The NAAI's governance framework comprises a diverse governing body, with a President, multiple Vice Presidents, a Secretary General, and National Secretaries. Our board is supported by dedicated members and a National Secretariat that includes project managers, trainers, and coordinators who work diligently to implement our initiatives effectively.

Messages from Board Members

Our board members collectively convey a message of commitment, collaboration, and compassion,

emphasizing the importance of inclusivity in all aspects of society. They invite stakeholders to join us in our journey toward a more inclusive future for Persons with Disabilities.

As we move forward, we remain dedicated to our mission and look forward to the continued support and partnership of individuals, organizations, and communities across India. Together, we can make a meaningful impact and empower every individual to reach their full potential.

Message Board

Experts & Jury

Prof. Sushma Goel, Training Expert for Painting and Waste Reuse, Former Professor & Vice Principal, Lady Irwin College, University of Delhi

After my student Chetan, won the Gold Medal in the International Abilympics in Metz, France 2023 in 'Painting and Waste Reuse', the next journey has started for grooming other students as well for the next International Abilympics Competition in 2027 in Finland. There are weekly online trainings with specific tasks and deliverables planned for the candidates. It is heartening to see that some students are really making efforts to put up their best. It is indeed an exercise to encourage keen performers and prepare them to take up challenges in future. It's an inordinate endeavour of NAAI and Sarthak Educational Trust. Best wishes in their efforts.

It is my privilege to train differently-abled students in Painting and Waste Reuse ever since 2018 being coordinated by National Abilympics Association of India and Sarthak Educational Trust. The association is very special as it concerns the empowerment with professional skills, believe in themselves and feel confident that persistent effort will provide the cutting edge competence to face the world.

Mr. Atharv Choudhary - Expert Web Designing & Word Processing (Stratbeans Solutions)

As an expert and Jury with NAAI, I have had the privilege of training individuals with disabilities, witnessing their remarkable growth and resilience. NAAI's commitment to fostering an inclusive

environment empowers participants to develop essential skills and confidence. The personalized support and innovative approaches we employ not only enhance their abilities but also inspire a profound sense of achievement. It is truly rewarding to be part of a community that champions diversity and equips individuals to thrive in all aspects of life.

Mrs. Gurpreet Kaur - Registrar, ATDC

In the skill domain Tailoring and Dress Designing, ATDC is partnering with NAAI for expert training to the youth who are being trained for the next Abilympics 2027. Dr Gurpreet Kaur, Director, ATDC is Expert in Fashion Technology and has wide experience in preparing candidates for International Competitions in the area of fashion design, pattern making and garment construction. She trained and mentored Mr Shamim Alam in Tailoring skill in Abilympics 2023 where Mr Shamim bagged a bronze for the country.

ATDC is wholeheartedly giving all support to NAAI and giving all technical assistance in the Regional Competitions being held in the country to identify best talent amongst specially abled youth. Dr Gurpreet Kaur is mentoring trainers and teachers from other institutes who are preparing candidates for the competitions. The competitions project papers and material requirements with assessment criteria are suggested by Dr Kaur to identify the deserving candidate. ATDC campus which have international level infrastructure are hosting competition in line with the international standards. ATDC and NAAI are committed to provide best of the best training and bring gold medals for the country

NAAI Board Members

Mr. Sandeep Bhargava, Vice President, NAAI

The NAAI as being managed by Sarthak Educational Trust has resulted in bringing up the skills and talent on Regional, National and International level and such a participation has increased the confidence, expertise and have helped bring the participants towards mainstream and also get more of employment and entrepreneurial opportunities. It also gives an opportunity to trainees to get their skills honed by trainers who are experts in their respective domain and make them globally competitive and ready.

Funder

Mr. Himel Tewari: Chief HR, CSR, Sustainability - Tata Power

"Post NAAI's inception in 2001 and extensive work done since then; today's young & inclusion-conscious India looks forward to the bar being raised in how the unique India story is showcased in tango with the evolving global spirit & advances in this domain. Creative involvement of industry, academia, and innovation-incubation partners is key to strengthen the ecosystem for mentoring, economically rewarding growth and aspirational messaging - not just for persons with disabilities but for all others who must learn important life-skills to be more inclusive. Tata Power CSR commits to play a catalytic role in furthering skills-development & pride among this important cross section of our society"
